

ICSQE 2016

19th International Conference and School on
Quantum Electronics: "Laser physics and applications"
26 - 30 September 2016 * Sozopol, Black sea, Bulgaria

CONFERENCE TOPICS

- * **Laser – matter interactions**
- * **Laser spectroscopy and metrology**
- * **Laser remote sensing and ecology**
- * **Lasers in biology and medicine**
- * **Laser systems and nonlinear optics**

CALL FOR PARTICIPATION

more information at: <http://www.isqe2016.dir.bg/>

The Proceedings of this conference are published in the SPIE Digital Library along with over 430,000 papers from other outstanding conferences and SPIE Journals.

SPIE. DIGITAL LIBRARY
www.spiedigitallibrary.org

A workshop devoted to 40 years since dark state observation: Development and Applications will be held during the ICSQE'2016.

ICSQE'2016 is a traditional event, organized biennially by the [Institute of Electronics](http://www.ie-bas.dir.bg) since 1980. The Institute of Electronics at the Bulgarian Academy of Sciences was established in 1963 as a non-profit state organization conducting research, education and dissemination of scientific knowledge in the fields of Physical Electronics, Photonics and Quantum Electronics and Radio Sciences. *More Information at: www.ie-bas.dir.bg*

IMPORTANT DATES

Deadlines:

Poster/Oral: **May 31, 2016**

Exhibition : **August 1, 2016**

Conference registration:

Reduced fee will apply to registrations confirmed by **July 15, 2016**

Conference and Exhibition start: **September 26, 2016**

CONFERENCE VENUE

Sozopol (Bulgarian Созопол) is an ancient town and seaside resort with population of 4,641 located 35 km south of Burgas on the southern Black Sea Coast of Bulgaria. Today the town is mostly a seaside resort known for the Apollonia art and film festival, which takes place in early September and is named after one of Sozopol's ancient names.
